

**CENTRAL POLLUTION CONTROL BOARD
I.T. DIVISION**

Minutes of Meeting

Subject: Minutes of Meeting on Analysis of SMS Report and Offline Industry Data (15th August to 15th September 2017) held on 11/10/2017 at 2nd Floor Conference Hall.

A meeting was held on 11th Oct 2017 on above mentioned subject and chaired by Chairman, CPCB at 2nd Floor Conference Hall. It was attended by Divisional Heads and Senior officers of IPC-I, IPC-II, IPC-III, IPC-IV, IPC-VI and WQM-II.

1. Sh. P.K.Gupta, Divisional Head, IPC VI, presented status of action taken on Inspection Reports (IR) of Industries proposed for inspection based on monthly SMS alert and offline industry lists. He has presented the entire scenario since beginning of this activity.

Division	Complying	Not Complying	Self Closed	Under Process	Report Not Received	Total
IPC I	29	46	9	3	2	89
IPC II	12	38	8	18	3	79
IPC III	10	9	13	3	0	35
IPC IV	0	1	0	0	0	1
Others	3	5	0	0	0	8
Total	54	99	30	24	5	212

Discussions were held and following major directions were issued by CCB CPCB:-

2. Detail breakup of 99 non complying industries i.e. for how many industries Show cause notice (SCN) were issued and for how many closure notices were issued to be submitted by IPC-VI.
3. It was informed by IPC II that there are problems in downloading the Inspection Reports from the portal for which IT Division will provide the solution.

[Signature]

4. All Divisional Heads were directed to provide details of follow up of SCN issued based on SMS and Offline list data and details for number of cases where given time limit has crossed. IPC VI to compile and place the information to MS and CCB.
5. All the Divisional Heads will be responsible for any delay of processing reports/files.
6. It was directed that next week onwards there should be no pendency in Inspection Report processing.
7. CCB suggested all the divisions to analyse the monthly SMS and Offline industry status list, bring out the outcomes/benefits as a tool. He also suggested to share the methodology of practice with SPCB officials and involve them in the process as the same data is also available to them.
8. Sh Aditya Sharma presented overall scenario of 17 category of industries in terms of Pollution Index, SMS alerts, Offline Industries, progress in connectivity status and Gap analysis. CCB directed to relate the presentation with performance of overall OCEMS activity.
9. Divisional Heads to ensure that all the Gaps are to be bridged like if closures were issued then whether Industry is closed or not, at the same time if power disconnection was requested then whether disconnection has been done or not.
10. It was directed to IPC VI to arrange a meeting on formulation and utilisation of Pollution Index prepared to ascertain pollution potential of different categories of industries.

The meeting ended with thanks to the chair.
