

On-line registration system for Importers of New Lead Acid Batteries

CPCB has developed on-line web based application “**Batteries (Importer) Registration Management**” for registration /renewal of registration for import of new lead acid batteries importers. The importers of new lead acid batteries can apply on-line (<http://cpcbbrms.nic.in>) for registration, filing half-yearly returns and for submitting undertaking (prior to every import). The said application is implemented with effect from 1st March, 2013 and all applications of new lead acid batteries importers will be processed on-line only.

User IDs and Passwords for the importers already registered with MoEF/CPCB will be sent to their addresses of correspondence; such registered importer shall update their profile, submit half-yearly returns and undertakings on line.

For further query importer shall contact:

Hazardous Waste Management Division

Central Pollution Control Board

PariveshBhawan

East Arjun Nagar
