Sir,

This has reference to Hon'ble NGT order, dated 13.12.2018, in the matter of O.A. No. 1038/2018, directing SPCBs/PCC to finalise time bound action plans with regard to the identified polluted industrial clusters. In this regard, Himachal Pradesh PCB has submitted the action plans for Baddi, Parwanoo & Kala Amb Industrial clusters (categorised as SPAs), vide letter No. HPSPCB/NGT/CEPI/OA No. 1038/2018, dated 28.1.2020. The Central Board after looking into the action plans, suggests the following views/recommendations for consideration and incorporation in the action plans:

- Providing map showing the demarcation of boundaries, clearly, of core area and also the impact area i.e. 5 km from the boundaries of core area.
- Installation of continuous water quality monitoring stations as per the directions issued by CPCB on 26.4.2016.
- Time bound action to ban burning of biomass/garbage on open land.
- Restoration of polluted water bodies/contaminated sites.
- Carrying out source apportionment study for further planning of pollution control.

It is requested to modify the action plans accordingly, and upload the same at HPPCB's website. The progress of implementation of action plan should be reviewed quarterly by the concerned Committees constituted for this purpose and the status report should be uploaded at HPPCB's website.

It is further requested to provide a hard copy and also a soft copy of revised action plans to the Central Board.

Yours faithfully,
