Date: 11.03.2021

To,

The Chairman,
Uttarakhand Pollution Control Board
Gaura Devi Bhawan, 46 B IT Park, Sahastradhara
Dehradun, Uttarakhand- 248001

DIRECTIONS UNDER SECTION 18 (1) (b) OF THE WATER (PREVENTION AND CONTROL OF POLLUTION) ACT, 1974 FOR INSTALLATION & CONNECTIVITY OF ONLINE CONTINUOUS EFFLUENT MONITORING SYSTEMS (OCEMS) BY GROSSLY POLLUTING INDUSTRIES (GPIs)- reg.

WHEREAS, under Section 17 of the Water (Prevention and Control of Pollution) Act, 1974, one of the function of the State Pollution Control Board (SPCB), constituted under the Water (Prevention & Control of Pollution) Act, 1974 is to plan a comprehensive programme for prevention, control or abatement of pollution of streams and wells located in the State and to secure the execution thereof; and

WHEREAS, under section 16 of the Water (Prevention and Control of Pollution) Act, 1974, one of the function of the Central Pollution Control Board (CPCB), constituted under Water (Prevention and Control of Pollution) Act, 1974 is to coordinate activities of the State Pollution Control Boards and Pollution Control Committees and to provide technical assistance and guidance to SPCBs / PCCs; and

WHEREAS, the Central Government has notified standards for discharge of environmental pollutants from industries and common effluent treatment plants (CETPs) under the Environmental (Protection) Act, 1986 and rules framed there under, and

WHEREAS, the SPCBs and PCCs are empowered to stipulate standards for discharge of environmental pollutants for various categories of industries and common effluent treatment plants (CETPs) more stringent than those notified by the Central Government, under the Environmental (Protection) Act, 1986 and rules framed there under; and

WHEREAS, the SPCBs and PCCs are also required to ensure installation and regular operations of the requisite pollution control facilities in the polluting industries; and

WHEREAS, there is need to inculcate habit of self monitoring mechanism within the industries for complying the prescribed standards and this can be achieved by the methods like installing online continuous effluent and emission monitoring systems (OCEMS); and

Contd.

WHEREAS, for strengthening the monitoring and compliance through self regulatory mechanism, online continuous effluent monitoring systems need to be installed and operated by the developers and the industries on 'polluter pays principle'; and

WHEREAS, CPCB carried out inventorization of 1631 Grossly Polluting Industries (GPIs) operating in river Yamuna basin in State/UT of Uttarakhand, Uttar Pradesh, Haryana & Delhi in consultation with the concerned SPCBs & PCC during September-October,2020. Out of these, only 285 GPIs have installed Online Continuous Effluent Monitoring System (OCEMS) and provided their connectivity with CPCB server. 1346 GPIs are yet to be connected with CPCB & SPCBs/PCC servers and required to install Online Continuous Effluent Monitoring System (OCEMS) as per guidelines available at CPCB website <https://cpcb.nic.in/upload/thrust-area/revised-GUIDELINES-final-sent-for-publication-on07.11.2014.pdf>; and

WHEREAS, Out of these 1346 GPIs, 01 GPI (GPI list attached) is operating in your State which is required to install Online Continuous Effluent Monitoring System (OCEMS) & provide its connectivity with SPCB & CPCB servers; and

NOW, THEREFORE, in view of above referred observations and keeping in view of strengthening the monitoring network for effective compliance through self-regulatory mechanism and in exercise of the power conferred under Section 18 (1) (b) of the Water (Prevention & Control of Pollution) Act 1974, you are directed to issue the following directions to 01 GPIs (as per enclosed list) operating in your State to take appropriate measures for compliance of the following directions in a time bound manner:

- i. To install online continuous effluent monitoring system (OCEMS) at outlet of the effluent treatment plants for the measurement of the parameters (industry/sector specific) namely flow, pH, BOD, COD, TSS and for other consented parameters as per the above referred guidelines; within 03 Months.
- ii. To connect and upload the online continuous effluent monitoring data at SPCB and CPCB servers in a time bound manner within 03 Months.
- iii. To ensure regular maintenance, calibration and operation of online continuous effluent monitoring system (OCEMS) with temper proof mechanism having facilities for online calibration.
- iv. To ensure submission of 24x7 online monitoring data to SPCB and CPCB servers.

The action taken report shall be submitted to CPCB within 30 days from the date of issue of the directions along with a time bound action plan for compliance of the directions.

(SHIV DAS MEENA)
CHAIRMAN
