NOTICE

35th Analytical Quality Comparison (AQC) Exercise

Central Pollution Control Board (CPCB) has plan for conducting 35th Analytical Quality Comparison (AQC) Exercise for Environmental Laboratories recognised under E.P. Act 1986 for pesticides compounds (in water matrix), however, there is delay in conducting the exercise as Internal approval is still awaited for conducting the exercise and source of funding.

Environmental Laboratories recognised under E.P. Act 1986 were informed to send their willingness to participate in the 35th AQC Exercise for pesticides compounds (in water matrix).

Participation Fee is **NOT** invited at this stage from Environmental Laboratories.

Laboratories, which have communicated their willingness to participate in the exercise, will be informed about further process after receipt of internal approval.
