June 5

To,

**M/s Dwarikesh Sugar Industries Ltd.
Dwarikesh Puram Afzalgarh,
Dist.- Bijnor, U.P.-246762**

**DIRECTION UNDER SECTION 5 OF THE ENVIRONMENT (PROTECTION) ACT, 1986-
NOTICE THEREOF**

WHEREAS, the Central Government has notified the standards for discharge of environmental pollutants from various categories of industries under the Environment (Protection) Act, 1986 and the rules framed there under; and

WHEREAS, the Ministry of Environment & Forests, Govt. of India, vide notification S.O.157(E) of 27.02.1996 has delegated powers vested under Section 5 of the Environment (Protection) Act, 1986 (29 of 1986) to the Chairman, Central Pollution Control Board (CPCB), to issue direction to any industry, Municipal Corporation, Municipal Council, Cantonment Board to any local or other Authority for the violation of emission and effluent standards notified under the Environment (Protection) Rules, 1986; and

WHEREAS, it is obligatory on the part of industries to install effluent treatment plants (ETPs) to comply with the effluent discharge standards as notified under the Environment (Protection) Act, 1986 and the Rules framed thereunder and also to meet the consent conditions granted by State Pollution Control Board (SPCBs) / Pollution Control Committees (PCCs); and

WHEREAS, M/s Dwarikesh Sugar Industries Ltd., Dwarikesh Puram Afzalgarh, Bijnor, U.P. (hereinafter referred as 'the Unit') is involved in the process of sugar manufacturing from crushing of cane; and

WHEREAS, CPCB issued direction dated 16.06.2017 under section 5 of Environment Protection Act, 1986 to the Unit to remain closed till compliance with the following directions:

1. i. The Unit shall submit the following reports to CPCB duly validated by reputed institutions like National Sugar Institute, Kanpur/Vasandada Sugar Institute, Pune /IITs within 60 days;
 - a) ETP adequacy assessment reports;
 - b) time bound action plan for ETP augmentation & upgradation upto tertiary treatment level; to comply with the standards notified G.S.R. 35 (E), MoEF&CC, January 14, 2016 for effluent disposal, & waste water conservation.

(Contd..2/-)

- c) water audit and mass balance report to establish waste water generation rate;
 - d) action Plans to achieve the notified effluent discharge quality and generation standards.
 - e) irrigation management plan as per the new notified standards on January 14, 2016; and
- ii. The Unit shall restrict the storage capacity of lined lagoon upto 15 days of effluent generation.
 - iii. The Unit shall meet the BOD-30mg/l standards for discharging any effluent on land /surface water body whereas effluent stored in lined lagoons/tanks of capacity not more than 15 days shall comply with BOD-100 mg/l standards.
2. The Unit shall stabilize the ETP by September 2017 before commencing of the new crushing season. The unit will not be allowed to resume manufacturing operations till stabilization of ETP system.
 3. The Unit shall upgrade of process technology, ETP system & adapt the best practice in a time bound manner and submit a report to CPCB before starting the next crushing season.
 4. The Unit shall seek permission from CPCB, after compliance with the above mentioned directions before resumption of manufacturing operations.

AND WHEREAS, the Unit has submitted adequacy assessment report vide letter dated 23.09.2017 prepared by NSI, Kanpur; and

WHEREAS, the Unit was inspected on 26.10.2017 for compliance verification; and

AND WHEREAS, CPCB issued direction dated 10.11.2017 under section 5 of Environment (Protection) Act, 1986 to the Unit to comply with the following directions;

1. The Unit shall start its operation only after obtaining valid consent from the concerned State Pollution Control Board.
2. The Unit shall install & Commission ETP system upto tertiary treatment level including adequate treatment system for spray pond overflow effluent in case of double sulphitation process (Brine recovery system to be installed in case of sugar refinery having Ion Exchange Process for sugar melt de-colorization).
3. The Unit having high pressure boiler (>45 Kg/cm²) shall install & Commission Condensate Polishing Unit (CPU) within 45 days for treatment of condensate water to ensure its reuse & recycle within the process.
4. The Unit shall restrict the effluent storage capacity to 15 days.
5. The Unit shall utilise treated effluent meeting the prescribed norms for irrigation as per the irrigation management plan validated by expert institutions namely, NSI, Kanpur/ VSI, Pune/ Agricultural Institutions.
6. The Unit shall implement the observation and recommendation of the adequacy report within 45 days.

(Contd..3/-)

7. The Unit shall get the verification of implement status of the recommendation of adequacy report including ETP performance assessment & effluent generation assessment done by the same institute which carried out adequacy assessment and submit the report to CPCB within 45 days from date of resumption of manufacturing operations.
8. The analysis result of the treated effluent shall also be submitted within 45 days through EPA recognised laboratories.
9. If the Unit fails to provide the verification report duly validated by the expert institutions, the Unit shall automatically stop all its manufacturing operations after 45 days from date of resumption of manufacturing operations.

WHEREAS, the Unit (M/s Dwarikesh Sugar Industries Ltd., Dwarikesh Puram Afzalgarh, Bijnor, U.P.) was inspected on 12.04.2018 by officials from CPCB, Delhi and following observations are made:

1. The Unit and ETP were operational.
2. The Unit has valid consent under Water (Prevention and Control of Pollution) Act, 1974 & Air (Prevention and Control of Pollution) Act, 1981 upto 31.12.2019.
3. Effluent Treatment Plant (ETP) comprised of Oil & Grease Skimmer, Equalisation Tank, Primary Clarifier, Aeration Tank, Secondary Clarifier & Tertiary treatment (Filtration units). However, the lamella system was found non-operational during the inspection.
4. Analysis of treated effluent sample shows pH-7.41 as against norms of 5.5-9.0, **BOD-52 mg/l** against norms of 30 mg/l, COD- 101 mg/l against norms of 250 mg/l & **TSS- 35 mg/l** against norms of 30 mg/l which indicates non-compliance w.r.t. BOD & TSS with the effluent surface discharge norms prescribed under Environment (Protection) Rules, 1986.
5. MLSS in aeration tank was 8038 mg/l which indicates improper operation & maintenance of ETP system.
6. Multiple discharge points were observed which indicate possibility of bypassing untreated effluent through these multiple channels.
7. The Unit has installed the lamella system for treatment of spray pond overflow. However, the lamella system was found non-operational during the inspection.
8. The Unit has not installed CPU unit for high pressure boiler.
9. A lagoon was constructed for storage of treated effluent. However, it was found empty during inspection.
10. Flowmeters were installed at manufacture processes.
11. OCEMS is installed and connected with CPCB server.
12. The Unit has not submitted irrigation management plan.

It is evident that untreated/ partially treated effluent is being discharged by the Unit, posing potential threat to surface water/ground water quality.

(Contd..4/-)

AND NOW, THEREFORE, in view of above observation and in exercise of the powers delegated to the Chairman, CPCB under section 5 of the Environment (Protection) Act, 1986, notice is served herewith to **show cause why the Unit (M/s Dwarikesh Sugar Industries Ltd., Dwarikesh Puram Afzalgarh, Bijnor, U.P.) should not be closed down** until all the necessary pollution control measures are planned and implemented so as to comply with the directions dated 10-11-2017 and also to comply with the prescribed effluent discharge standards notified under Environment (protection) Act, 1986 to the satisfaction of CPCB and also **why appropriate environmental compensation not be imposed.**

You are hereby given an opportunity to file your objections (if any) to the above proposed direction within 15 days from the receipt of this notice, failing which appropriate action shall be taken against the Unit without giving any further notice, in accordance with provisions of the Environment (Protection) Act, 1986.

(S. P. SINGH PARIHAR)
CHAIRMAN
