M/s Kohinoor Foods Ltd,
42-43 Km stone, G.T. Road,
Sultanpur, Bahalgarh,
District Sonapat – 131021, Haryana

Sub: Directions under Section 5 of the Environment (Protection) Act, 1986 -reg.

WHEREAS, the Food & food processing industries are identified as one of the Grossly Polluting Industries which have been discharging effluents directly or indirectly on land and into water, having potential threat to cause adverse effect on land and the ambient water quality; and

WHEREAS, the Central Government has notified the standards for discharge of environmental pollutants from various categories of industries under the Environment (Protection) Act, 1986 and the rules framed thereunder; and

WHEREAS, it is obligatory on the part of industries to install and operate Effluent Treatment plant (ETP) to comply with the effluent discharge standards as notified under the Environment (Protection) Act, 1986 and the Rules framed thereunder and also to meet the consent conditions granted by State Pollution Control Board (SPCB)/ Pollution Control Committees (PCCs); and

WHEREAS, Hon'ble Supreme Court of India in the matter of Paryavaran Suraksha Samiti Vs Union of India & Others dated 22/02/2017 directed that no industry which requires "consent to operate" from the concerned Pollution Control Board, is permitted to function, unless it has a functional effluent treatment plant, which is capable to meet the prescribed norms for removing the pollutants from the effluent, before it is discharged; and

WHEREAS, a team of officers from the Central Pollution Control Board (CPCB), Delhi and Haryana State Pollution Control Board inspected **M/s Kohinoor Foods Ltd, 42-43 Km stone, G.T. Road, Sultanpur, Bahalgarh, District Sonapat – 131021, Haryana** (hereinafter called as the unit) on May 16, 2018 to assess the adequacy of the existing pollution control measures; and

WHEREAS, the inspecting team made the following observations:

1. The unit was observed discharging the reject of Reverse Osmosis having TDS (3344 mg /l), COD (94 mg/l) and BOD (11 mg/l) to the rain water collection drain of rain water harvesting well.
2. It was observed that the overflowing floor wash from the Reverse Osmosis plant, contaminated with the oil of diesel engine having concentration of 8 mg /l Oil & Grease was also entering the rain water harvesting well.
3. It was also observed that the underground pipelines from unidentified sources were dumping effluent to the rain water harvesting well and due to the mixing of all polluting streams the waste water that got collected in the rain water harvesting well was observed to have TDS of 2600 mg

/l which exceeds the maximum permissible limit of 2000 mg /l of drinking water standards prescribed by Bureau of Indian Standards and COD (84 mg /l) which may severely contaminate the ground water.

4. The unit failed to produce documentary evidence (hazardous wastes disposal manifests) that may prove disposal of hazardous wastes within the prescribed period of not exceeding ninety days.

WHEREAS, the Ministry of Environment & Forests, Government of India, vide Notifications No. S. O. 157 (E) of 27.02.1996 and S. O. 730 (E) dated 10.07.2002, has delegated the powers vested under Section 5 of the Environment (Protection) Act, 1986 (29 of 1986) to the Chairman, Central Pollution Control Board, to issue directions to any industry or any local body or any other authority for violations of the standards and rules notified under the Environment (Protection) Rules, 1986 and amendment thereof.

WHEREAS, as per Section 4, Sub section (5) of The Environment (Protection) Rules, 1986; In case where the Central Government is of the opinion that in view of the likelihood of a grave injury to the environment it is not expedient to provide an opportunity to file objections against the proposed direction, it may, for reasons to be recorded in writing, issue directions without providing such an opportunity.

NOW, THEREFORE, in exercise of powers vested under Section 5 of the Environment (Protection) Act, 1986, the following directions are being issued to the unit (**M/s Kohinoor Foods Ltd, 42-43 Km stone, G.T. Road, Sultanpur, Bahalgarh, District Sonapat – 131021, Haryana**):

1. The Unit shall close all the plant operations with immediate effect.
2. The Unit shall ensure management and disposal of the reject of Reverse Osmosis plant in scientific manner with proper record maintenance.
3. The unit shall ensure that entry of any waste water stream to the rain water harvesting well shall be immediately stopped. All the underground pipelines meant for disposing waste water to the rain water harvesting well shall be immediately dismantled.
4. The unit shall not store hazardous wastes beyond the prescribed period of ninety days.

In case of failure to comply with the said directions necessary action as deemed fit under the provision of the Environment (Protection) Act, 1986 will be taken by Central Pollution Control Board.

(S.P. Singh Parihar)

Chairman

2/2/18

(Directions under Section 5 of the Environment (Protection) Act, 1986 to
M/s Kohinoor Foods Ltd, 42-43 Km stone, G.T. Road, Sultanpur,
