B-29016/04/06/IPC-1/ 13947

December 08, 2020

To

M/s Anandtex India Pvt. Ltd.
Brahman Majra, Panipat
Haryana,

Sub: Directions under Section 5 of the Environment (Protection) Act, 1986 -reg.

WHEREAS, the Textile industries are identified as one of the Grossly Polluting Industries which have been discharging effluent directly or indirectly on land and into water, having potential threat to cause adverse effect on land and the ambient water quality; and

WHEREAS, the Central Government has notified the standards for discharge of environmental pollutants from various categories of industries under the Environment (Protection) Act, 1986 and the rules framed thereunder; and

WHEREAS, it is obligatory on the part of industries to install and operate Effluent Treatment plant (ETP) to comply with the effluent discharge standards as notified under the Environment (Protection) Act, 1986 and the Rules framed thereunder and also to meet the conditions stipulated in the consent granted by State Pollution Control Boards (SPCBs)/ Pollution Control Committees (PCCs); and

WHEREAS, Hon'ble Supreme Court of India in the matter of Paryavaran Suraksha Samiti Vs Union of India & Others has directed on 22/02/2017 that no industry, which requires "consent to operate" from the concerned Pollution Control Board, is permitted to function, unless it has a functional effluent treatment plant, which is capable to meet the prescribed norms for removing the pollutants from the effluent, before it is discharged; and

WHEREAS, M/s Anandtex India Pvt. Ltd., Brahman Majra, Panipat Haryana, (herein after referred as the Unit) is involved in the textile dyeing & processing; and

WHEREAS, in order to verify the compliance status of the industry, a team from the Central Pollution Control Board (CPCB) carried out an inspection of the Unit on May 30, 2018 and found that the industry was closed; and

WHEREAS, a direction under section 5 of Environment (Protection) Act 1986 vide letter no. B-33014/07/2018/IPC-1/584 dated July 09, 2018 was issued to the Unit to remain closed and not to resume the operation without permission of CPCB; and

WHEREAS, the Unit vide email dated November 10, 2020 submitted adequacy assessment report of Effluent Treatment Plant (ETP) from Punjab Engineering College Chandigarh, self-certificate stated that the Unit has stopped production w.e.f August 20, 2018, copy of consent under the Air & Water Act, valid upto 30.9.2025 and requested to revoke the closure direction; and

WHEREAS, CPCB constituted a Three-member Committee vide office order dated 03.10.2017 having representative(s) from CPCB and MoEF&CC for examination and recommendation for revocation of the closure direction issued by CPCB; and

WHEREAS, the Three-member Committee in its meeting held on 23.11.2020 through Video Conferencing examined the compliance report submitted by the

Unit and recommended that the Unit shall submit performance assessment of the treatment system including the analysis of treated effluent by the same Government Institute, which gave ETP adequacy report dated 01.10.2020, within 60 days from the date of resumption of manufacturing operation; and

WHEREAS, the Ministry of Environment & Forests, Government of India, vide Notifications No. S. O. 157 (E) of 27.02.1996 and S. O. 730 (E) dated 10.07.2002, has delegated the powers vested under Section 5 of the Environment (Protection) Act, 1986 (29 of 1986) to the Chairman, Central Pollution Control Board, to issue directions to any industry or any local body or any other authority for violations of the standards and rules notified under the Environment (Protection) Rules, 1986 and amendment thereof.

NOW, THEREFORE, in exercise of powers vested with the Chairman CPCB under Section 5 of the Environment (Protection) Act, 1986, and in view of compliance with relevant direction under reference, the direction issued under the Section 5 of the Environment (Protection) Act, 1986 to the Unit vide letter dated July 09, 2018 is hereby revoked with a condition that the unit shall submit performance assessment of the treatment system including the analysis of treated effluent by the same Government Institute, which gave ETP adequacy report dated 01.10.2020, within 60 days from the date of resumption of manufacturing operation.

The Unit shall ensure compliance to the norms. In case of non-compliance by the Unit action as deemed fit under the provisions of Environment (P) Act, 1986 shall be taken by Central Pollution Control Board.
