WHEREAS, the Pharmaceutical industries are identified as one of the 17 categories of highly polluting industries which have been discharging environmental pollutants directly or indirectly into the ambient air and water, having potential threat to cause adverse effect on the water and air quality; and

WHEREAS, the Central Government has notified the standards for discharge of environmental pollutants from various categories of industries under the Environment (Protection) Act, 1986 and the rules framed thereunder; and

WHEREAS, there is need to inculcate habit of self-monitoring within the industries for complying with the prescribed standards and this can be achieved by the methods like installing online effluent and emission monitoring devices; and

WHEREAS, Pharmaceutical unit, M/s. Para Products Pvt. Ltd. Sahibabad, Industrial Area, Ghaziabad (herein after referred to as the unit) was randomly selected for inspection based on the SMS alerts generated through the OCEMS installed at the unit during previous months, and

WHEREAS, the unit was inspected by a team of official(s) from the CPCB on February 02, 2021 to assess the adequacy of the existing pollution control measures and observed the following shortcomings:

3. The unit has not installed Online Continuous Effluent Monitoring System (OCEMS) at the outlet of the ETP and same was verified by the IT division of CPCB.

WHEREAS, the Ministry of Environment, Forest and climate change, Government of India, vide Notifications No. S.O. 157 (E) of 27.02.1996 and S.O. 730 (E) dated 10.07.2002, has delegated the powers vested under Section 5 of the Environment (Protection) Act, 1986 (29 of 1986) to the Chairman, Central Pollution Control Board, to issue directions to any industry or any local body or any other authority for violations of the standards and rules notified under the Environment (Protection) Rules, 1986 and amendment thereof; and
