MINISTRY OF ENVIRONMENT, FOREST & CLIMATE CHANGE GOVT. OF INDIA
February 22, 2022

Sub: Directions under Section 5 of the Environment (Protection) Act, 1986 -reg.

WHEREAS, the Central Government has notified the standards for discharge of environmental pollutants from various categories of industries under the Environment (Protection) Act, 1986 and the rules framed thereunder; and

WHEREAS, it is obligatory on the part of industries to install and operate Effluent Treatment plant (ETP) to comply with the effluent discharge standards as notified under the Environment (Protection) Act, 1986 and the Rules framed thereunder and also to meet the consent conditions granted by State Pollution Control Board (SPCB)/ Pollution Control Committees (PCCs); and

WHEREAS, in order to investigate the complaint made by Sh. Rajesh Kumar, Chhindwara, M.P., Central Pollution Control Board inspected M/s Nakoda Industries, Village Boregaon, Sausar, District Chhindwara, Madhya Pradesh (hereinafter called the unit) during 02.02.2022 and 03.02.2022; and

WHEREAS, the inspection team made the following observations:

1. The unit is a pigment manufacturing industry.
2. As per the condition of consent to operate, the unit is required to comply with Zero Liquid Discharge for which the unit does not have adequate treatment facility.
3. The unit has provided four bypass channels through its premises towards the storm water drain. During the inspection, untreated trade effluent was found to be discharged through one of the bypass channels. The discharged effluent was observed exceeding MPPCB prescribed standards for COD (327mg/l against standard of 250 mg/l), BOD (54 mg/l against standard of 30 mg/l), SS (508 mg/l against standard of 100 mg/l) and violating general standards for discharge of effluents stipulated under The Environment (Protection) Rules, 1986 w.r.t. Ammonical Nitrogen (65.028 mg/l against standard of 50 mg/l). The storm water drain is meeting the Kanhan River where same untreated effluent is reaching and polluting the Kanhan River at large.
4. During the inspection, hazardous / other wastes were observed being burnt inside the premises.
5. The unit has not provided flow meter for recording the recycling / reuse of treated trade effluent.

6. The unit has kept huge quantity of ETP Sludge filled bags in open. No separate storage area has been provided by the unit for storage of ETP sludge. The leachate from ETP sludge was observed flowing to the storm water drain.
7. The unit has provided monkey ladder facility with the stack attached to the boiler which is in contravention to the conditions of consent to operate.
8. The unit has not provided Sewage Treatment Plant as stipulated in the consent to operate.
9. The unit has not provided notice board at its main gate for display of information regarding hazardous wastes.

WHEREAS, unauthorized discharge / bypassing of trade effluent, unauthorized discharge of sewage and improper storage of hazardous wastes is likely to cause grave injury to the environment ; and

WHEREAS, as per Section 4, Sub section (5) of The Environment (Protection) Rules, 1986; In case where the Central Government is of the opinion that in view of the likelihood of a grave injury to the environment it is not expedient to provide an opportunity to file objections against the proposed direction, it may, for reasons to be recorded in writing, issue directions without providing such an opportunity; and

WHEREAS, the Ministry of Environment & Forests, Government of India, vide Notifications No. S. O. 157 (E) of 27.02.1996 and S. O. 730 (E) dated 10.07.2002, has delegated the powers vested under Section 5 of the Environment (Protection) Act, 1986 (29 of 1986) to the Chairman, Central Pollution Control Board, to issue directions to any industry or any local body or any other authority for violations of the standards and rules notified under the Environment (Protection) Rules, 1986 and amendment thereof.

NOW, THEREFORE, based on all facts and observations, in exercise of powers vested under Section 5 of the Environment (Protection) Act, 1986, following directions are issued to the unit (**M/s Nakoda Industries, Village Boregaon, Sausar, District Chhindwara, Madhya Pradesh**):

1. The Unit shall immediately close its operations and shall not resume its operations till remedial measures on above observation are made, environmental norms are complied with and written permission to operate is obtained from Central Pollution Control Board.
2. The unit shall immediately dismantle all the effluent bypass channels to the storm water drain and shall not discharge/ bypass any effluent to the environment.
3. The unit shall augment its Effluent Treatment Plant and shall maintain Zero Liquid Discharge.
4. The unit shall reuse the entire treated effluent to its process. Treated effluent shall not be used in gardening or green belt development.
5. The unit shall install flow meters at the inlet and outlet of its Effluent Treatment Plant and shall maintain records of effluent generation, treatment and reuse.

6. The unit shall ensure that there will be no burning of hazardous / other wastes and shall dispose hazardous waste as per Rules.
7. The Unit shall take adequate steps for proper storage and management of hazardous wastes including ETP sludge as per Hazardous & other Waste (Management and Transboundary Movement) Rules, 2016 with proper record maintenance.
8. The Unit shall provide adequate system for collection and treatment of the leachate generated from the hazardous waste storage area.
9. The Unit shall provide proper ladder and other facilities for source emission monitoring at the stacks as per the emission regulation Part III published by CPCB.
10. The unit shall provide adequate Sewage Treatment Plant for treatment of sewage.
11. The unit shall provide notice board at its main gate for display of information regarding hazardous wastes and other information as stipulated in the conditions of authorization for handling hazardous wastes.

For bypassing the untreated effluent to the storm water drain, thereby polluting River Kanhan, separate action including imposition of environmental compensation/ legal action will be taken by Central Pollution Control Board.

In case of failure to comply with the aforesaid directions, necessary action as deemed fit under the provision of the Environment (Protection) Act, 1986 will be taken by Central Pollution Control Board.

22/2/22
 (Tanmay Kumar)
 Chairman

Copy to:

1. The Chairman : To ensure immediate closure and disconnection of electricity and water supply of the unit and ensure that the unit remains closed till written permission to operate is obtained from CPCB
 Madhya Pradesh Pollution Control Board, E-5, Arera Colony, Paryavaran Parisar, Bhopal - 462 016
