SPEED POST

September 26, 2017

CPCB-B 33014/293 (A) (Iron Steel)/2017/IPC-II/

11323

To

M/s Orissa Metaliks Private Limited (Unit-I)
(Previously known as M/s. Rashmi Metaliks Limited., Unit-II)
Tata Metalik Road, Gokulpur,
Medinipur (W), Kharagpur,
West Bengal.

Sub: Directions under Section 5 of the Environment (Protection) Act, 1986 – Closure thereof.

WHEREAS, integrated iron and steel plants and sponge iron units are identified as one of the 17 categories of highly polluting industries which have been discharging environmental pollutants directly or indirectly into the ambient air and water, having potential threat to cause adverse effect on the water and air quality; and

WHEREAS, the Central Government has notified the standards for discharge of environmental pollutants from various categories of industries under the Environment (Protection) Act, 1986 and the rules framed there under; and

WHEREAS, there is need to inculcate habit of self-monitoring within the industries for complying with the prescribed standards and this can be achieved by the methods like installing online effluent and emission monitoring devices; and

WHEREAS, for strengthening the monitoring and compliance through self-regulatory mechanism, online source emission and effluent monitoring systems need to be installed and operated by the industries on 'polluter pays principle'; and

WHEREAS, a direction under section 18 (1) (b) of the Water (Prevention & Control of Pollution) Act, 1974 and the Air (Prevention & Control of Pollution) Act, 1981 was issued on February 05, 2014 to all the State Pollution Control Boards (SPCBs)/ Pollution Control Committees (PCCs) for installation of online emission monitoring system w.r.t. PM and SO₂ parameters & online effluent monitoring system w.r.t. pH, flow, BOD, COD and TSS in iron & steel industries; and

WHEREAS, considering the requests/ representations received from industries/ industrial associations/ SPCBs / PCCs, an extension of time up to June 30, 2015 for installation of online monitoring systems was granted vide directions dated March 02, 2015 under section 18 (1) (b) of the Water (Prevention & Control of Pollution) Act, 1974 and the Air (Prevention & Control of Pollution) Act, 1981; and

WHEREAS, concerned SPCB/ PCC issued directions under section 33A of the Water (Prevention & Control of Pollution) Act, 1974 and section 31A of the Air (Prevention & Control of Pollution) Act, 1981 to install the online monitoring system by June 30, 2015 and submit bank guarantee of 100% of the cost of online emission & effluent monitoring system; and

1 of 3

M/s Orissa Metaliks Private Limited (Unit-I), Tata Metalik Road, Gokulpur, WB

WHEREAS, during monthly verifications of OCEMS data by the CPCB IT division it is observed that the unit remains one of the top non-complying units with respect to exceedance SMS alerts/Offline status during May to June 2017; and

WHEREAS, the unit was inspected by CPCB - Regional Directorate (Kolkata) on 13.07.2017 to check the compliances and following observations have been made:

- a) CTO is valid up to 30.11.2021 to manufacture Sponge Iron (950 TPD) using 7 Nos of Kiln and Kiln 7 (350 TPD) was in operation at the time of inspection.
- b) Water is used mainly for cooling and the same is reused after cooling.
- c) Air Pollution Control Device (ESP) is provided to the stack attached with kiln (350 TPD) and the stack monitoring result showed that PM (117 mg/Nm³) emission are exceeding the consented limit of 100 mg/Nm³.
- d) The online emission monitoring system showed PM value of 4.3 mg/Nm³ which is within the consent limit. Online and lab results showed wide variations and online system needs to be calibrated / maintained properly on regular basis.
- e) Air pollution control measures are not adequate and needs to be upgraded and maintained on regular basis.
- f) As per CPCB IT Division report dated 18.8.2017, the unit provided online emission monitoring system for PM parameter with stacks attached to Rotary Kiln 1 & 2 (100 TPD), Rotary Kiln 7 (350 TPD), AFBC boiler (30 TPH) and CFPB boiler (100 TPH) but not provided online monitoring system for PM parameter in stacks attached with Rotary Kiln 3 & 4 (100 TPD) and Rotary Kiln 5 & 6 (100 TPD) and for SO₂ and NO_x parameters in stacks attached with AFBC boiler (30 TPH) and CFPB boiler (100 TPH). The timeline of 28.02.2017 for installation of online analysers have been long back.
- g) Housekeeping is very poor and needs to be improved.

WHEREAS, the Ministry of Environment & Forests, Government of India, vide Notifications No. S. O. 157 (E) of 27.02.1996 and S. O. 730 (E) dated 10.07.2002, has delegated the powers vested under Section 5 of the Environment (Protection) Act, 1986 (29 of 1986) to the Chairman, Central Pollution Control Board, to issue directions to any industry or any local body or any other authority for violations of the standards and rules notified under the Environment (Protection) Rules, 1986 and amendment thereof; and

NOW, THEREFORE, in exercise of powers vested under Section 5 of the Environment (Protection) Act, 1986 you are directed to close your operations. You shall be permitted to operate only after compliance of the following measures:

- The industry shall install online emission and effluent monitoring system in all the relevant stacks as per CPCB guidelines and connect the same to CPCB server.
- The industry shall carryout calibration and maintenance of online emission and effluent monitoring system at regular intervals and maintain the records so as to ensure continuous data transmission and also to maintain the difference between online and lab values to minimum, and shall also ensure regular compliance of emission norms.
- The industry shall improve the housekeeping as the general housekeeping is poor.

The unit M/s Orissa Metaliks Private Limited (Unit-I), (Previously known as M/s. Rashmi Metaliks Limited., Unit-II), Tata Metalik Road, Gokulpur, Medinipur (W), Kharagpur, West Bengal shall submit the compliance within 15 days from the issue of these directions. Further, the industry shall not restart its operation without written permission of CPCB. Failure to comply with the above directions will attract action in accordance with the provision of the Environment (Protection) Act, 1986.

[S.P. Singh Parihar]
Chairman

Copy to:

1. **The Chairman**
West Bengal Pollution Control Board
Paribesh Bhavan, 10A, Block-L.A., Sector
III, Salt Lake City,
Calcutta - 700 106 : With a request to ensure
compliance of this direction & to
submit action taken report
2. **The District Magistrate**
Medinipur (W), Kharagpur,
West Bengal. : With a request to ensure
compliance of this direction & to
submit action taken report
3. **The Chief Engineer (Commercial)**
West Bengal State Electricity Distribution
Company Limited
Bidyut Bhaban, Block-DJ, Sector-II
Salt Lake City, Kolkata 700091
WB : With request to disconnect
electricity w.r.t. operation of
industry & power supply to
continue only for domestic and
security purpose.
4. **The Additional Secretary (AKM), CP Division**
Ministry of Environment, Forests &
Climate Change
Prithvi Wing, 2nd Floor, Room No. 216, Indira
Paryavaran Bhawan,
Jor Bagh Road, New Delhi – 110003 : For information please.
5. **The Regional Director (East)**
CPCB, Southend Conclave, Block 502, 5th
& 6th Floors, 1582
Rajdanga Main Road,
Kolkata-700107. : For information please.
6. **The Incharge, IT Division, CPCB, Delhi.**
7. **The Incharge, I/c IPC-VI CPCB, Delhi.**

[A. Sudhakar]
Member Secretary
