

**Central Pollution Control Board
IT Division**

F. No.: C-12012/15/2015-Tech/DC/Backup/ 2221

February 26, 2020

CIRCULAR

Sub.: Implementation of Backup Server in CPCB.

IT Division has implemented NAS(Network Attached Storage) of 25TB capacity, capable to collect data from computers of individuals (Nodes) operating in various division of CPCB & storing it through LAN connection automatically.

In order to update the CPCB's Centralized System, this special system has been implemented. Online data storage will ensure that all computer's specific data folder/drive is backed-up and accessible in case of failure of HDD of Desktop at any point of time.

Therefore, all the Divisional Heads are hereby requested to utilize this facility for their Desktop and to ensure the desktops of other staff members are also connected to the system with important folders required to be backed-up. Presently, 2GB backup facility is catered at each node, which may be increased after the first round of data backup & as per urgent requirement endorsed by D.H.s The backed-up data can be retrieved by an individual from the same computer, on it's own.

For any assistance kindly contact undersigned at (Email: aditya.cpcb@nic.in & Ext.-300) or Sh. V.N. Murthy, Sr. Tech. (Email: vnmurthy.cpcb@nic.in & Ext.-304) or Sh. Ashish Kumar Singh, DP A (Email: ashish.cpcb@nic.in & Ext.-304).
