To

As per list

Sub.: Request for intensifying efforts for control of air pollution under unfavourable meteorological conditions.

Sir,

It is to bring to your information that as per the forecast received from Indian Meteorological Department, air quality is likely to remain in Very Poor category owing to unfavourable meteorological conditions for dispersal of pollutants for the next few days.

With incidences of stubble burning almost coming to an end, and air quality continuing to remain in Very Poor category, it is important that local sources are dealt with effectively. Based on feedback received from the 50 teams deployed in the field since 15.10.2020, the major sources are open dumping of garbage, construction/demolition activity, unpaved roads/pits, and re-suspension of road dust. The areas of concern are hotspots namely, Narela, Anand Vihar, Mundka, Dwarka and Punjabi Bagh in Delhi and Faridabad, Jhajjar, Noida, and Bhiwadi in NCR. As per the analysis and number of complaints received, south, south-west district, north, north-west, and north east districts of Delhi and Jhajjar, Bhiwadi, Gurugram North, Gautam Buddha Nagar, and Noida in NCR are the areas that need to take actions to control air pollution due to construction/demolition activity, open dumping of garbage, road dust, and industrial emissions.

I am directed to request you to ensure that agencies take further necessary action for controlling emissions from local sources. Agencies must also address complaints made on SAMEER and all social media platforms on priority.

Yours faithfully

(P. K. Gupta)

Divisional Head, AQM
