

Attention

Manufacturers and Buyers of Generator sets

As per GSR 371 (E) dated 17th May 2002 and its amendments, sale of Generator sets without acoustic enclosure or with specification other than that declared at the time of Type Approval with the Certification Agency is not permitted with effect from 01.01.2005. Gensets driven by LPG or CNG compatible with Petrol or Diesel fuel or affixed with such fuel tank is considered as Genset operating with Petrol or Diesel fuel as the case may be and the manufacturer should have valid Type Approval certificate before selling them. Genset buyers are also advised to ask for Type Approval Certificate from the dealer while purchasing any Generator set, which can be verified from CPCB website www.cpcb.nic.in/Generator.php also. Noncompliance of the provision of the above said notification is punishable under The Environment (Protection) Act 1986.
