

Central Pollution Control Board
IPC-V (SSI)

S.NO.	Category of Small Scale Industries	Categorisation of Industries	Type of Pollution Generated	CPCB Prepared Guidelines/Standards/Citing Criteria
1	Electroplating	Red	Water Polluting	Revise Environmental Standards already notified
2	Induction and Arc Furnace	Orange	Air Polluting	Induct studies is required to control Air Pollution
3	Rubber Product Manufacturing	Orange	Air and Water Polluting	Revise Environmental Standards already notified
4	Rolling Mills	Orange	Water Polluting	Study completed and Proposed Environmental Standards is going to place before the Peer & Core Committee for finalization of the Environmental Standards.
5	Ceramic Industries	Orange	Air and Water Polluting	Central Pollution Control Board has notified Environmental Standards
6	Brick Kiln	Orange	Air Polluting	Environmental Standards pending with Ministry of Environment, Forest and Climate Change for notification
7	Hot Mix Plant	Orange	Air Polluting	Study completed and Proposed Environmental Standards is going to place before the Peer & Core Committee for finalization of the Environmental Standards.
8	Foundry	Orange	Air Polluting	Revision of Environmental Standards are proposed
9	Black Carbon Industry	Red	Air Polluting	Induct studies is required to control Air Pollution
10	Coal gasification Plants	Orange	Air and Water Polluting	Environmental Standards need to be notified
11	Pickling Industry	Red	Air and Water Polluting	Study completed and Proposed Environmental Standards is going to place before the Peer & Core Committee for finalization of the Environmental Standards.
12	Poultry Farms	Green	Odour and solid waste	CPCB prepared the Guidelines on the Poultry Farms after approval from the Peer & Core Committee
13	Grain Processing units		Air Polluting	CPCB has already notified the Environmental Standards for Grain Processing units
14	Glue and Gelatin	Red	Water Polluting	CPCB has conducted studies for development of Environmental Standards
15	Industrial Process Involving metal treatment, heat treatment, Phosphate finishing	Red	Water Polluting	
16	Stone crushers	Orange	Air Polluting	Revise Guidelines published however, Ministry of Environment, Forest and Climate Change not accepted the revise Environmental Standards
17	Small Coke Oven	Red	Air Polluting	Study completed and Proposed Environmental

	Plants			Standards is going to place before the Peer & Core Committee for finalization of the Environmental Standards.
18	Calcined Pet Coke		Air Polluting	Initiated the project to prepare the Environmental Standards for this sector. But studies could not taken up
19	Plywood industries	Orange	Air Polluting	CPCB completed the study and finalised in the Peer & Core Committee.
20	Activated Carbon Manufacturing Industries	Red	Air Polluting	Study has not been completed.
21	Small Scale Paint Industries	Red	Air Polluting	Study completed and Proposed Environmental Standards is going to place before the Peer & Core Committee for finalization of the Environmental Standards.
22	Cashew Seed Processing units	Orange	Water Polluting	CPCB has already notified the environmental Standards for Grain Processing units
23	Automobile Service Stations	Orange	Water Polluting	Environmental Standards for this sector finalized after approval from Peer & Core Committee and under notification with Ministry of Environment, Forest and Climate Change
24	Dye and Dye	Red		
25	Small Boilers			
26	Copper, Lead and Zinc Smelter	Orange		
27	Flour Mills	Green		
28	Dal Mills	Green		
29	Soap and Detergent Industry
